VVU PILOT DOCUMENT PACK: INDEX AND SEQUENCE

Common documents used across all pilots. Draft templates for discussion; each party's attorney should review before use.

Step	Document	When	Who signs	Used for
1	Mutual NDA	Before sharing site, data or architecture detail	Both parties	All pilots
2	Pilot Agreement (sector version)	After first meeting, once scope is agreed	Both parties	Schaeffler, Broubart, VW/Isuzu, Aspen/Fresenius, Vitality
3	POPIA Operator Agreement	With the Pilot Agreement, if any personal information is in scope	Both parties	Vitality (required); others only after a Variation Form
4	Pro-forma Invoice (deposit / fee)	On signing	VVU issues	All pilots
5	Site Safety and IT/OT Approval Checklist	Before installation	Client and VVU	All pilots
6	Commissioning and Baseline Sign-Off	Day 0, at installation	Client and VVU	All pilots
7	Variation Form	Any change to scope, data or fee	Both parties	All pilots
8	Evidence Pack (template)	Delivered on the final day	VVU issues, Client accepts	All pilots
9	Pilot Completion and KPI Acceptance Certificate	Final day	Both parties	All pilots
10	Channel Partner Term Sheet and End-Customer Consent	Separate file	Both parties	Durr Africa and equivalents

Every pilot also needs the details that only the Client can supply: legal entity name, registration number, signatory, site address and security contacts. Bracketed fields are left for you to complete. Documents describe VVU's service as monitoring and evidence only; they make no claim that any auditor, regulator or customer will accept the receipts.

MUTUAL NON-DISCLOSURE AGREEMENT

Ref: VVU-NDA-[Client code]-001 Date: [Date]

Between: Venture Vision Ubuntu (VVU), [Registered entity name], Reg. [No.], [Address] and **[Client legal entity]**, Reg. [No.], [Address] (each a "Party").

1. Purpose

The Parties wish to discuss and, if agreed, run a verified-state pilot (the "Purpose") and may disclose Confidential Information to each other for that Purpose only.

2. Confidential Information

All non-public information disclosed by either Party, in any form, that is marked confidential or that a reasonable person would understand to be confidential, including operational data, telemetry, site layouts, system architecture, source code, ledger design, pricing, customer and supplier information and the existence and terms of the discussions.

3. Obligations

The receiving Party shall (a) use Confidential Information only for the Purpose; (b) keep it confidential with at least the care it uses for its own, and no less than reasonable care; (c) disclose it only to employees, advisers and contractors who need to know and who are bound by equivalent confidentiality duties; (d) not reverse-engineer, decompile or copy any software, hardware or firmware of the other Party.

4. Exclusions

Obligations do not apply to information that (a) is or becomes public other than through breach; (b) was lawfully known to the receiving Party before disclosure; (c) is independently developed without use of the Confidential Information; or (d) is lawfully received from a third party without restriction.

5. Compelled Disclosure

If law, a court or a regulator requires disclosure, the receiving Party gives the other prompt written notice where lawful and discloses only what is required.

6. Term

Applies to disclosures made within 12 months of the date above. Confidentiality obligations continue for 3 years after the last disclosure; trade secrets and source code remain protected for as long as they remain trade secrets.

7. Return and Destruction

On written request each Party returns or destroys the other's Confidential Information, except copies it must keep by law or in routine back-ups, which remain subject to this Agreement. Records that the Client must retain by law are never destroyed on VVU's initiative.

8. No Licence, No Commitment

No licence or ownership right is granted. Neither Party is obliged to enter into any further agreement, and either may end discussions at any time.

9. Personal Information

The Parties do not intend to exchange personal information under this NDA. If that changes, a POPIA Operator Agreement applies before any is exchanged.

10. Remedies and General

Breach may cause harm not adequately compensated by damages; the injured Party may seek an interdict in addition to other remedies. Governing law: Republic of South Africa; courts of [jurisdiction]. Entire agreement on its subject matter; amendments in writing.

POPIA OPERATOR AGREEMENT

Ref: VVU-DPA-[Client code]-001 Date: [Date] Written contract between a Responsible Party and an Operator (POPIA s. 21). Section references to be confirmed by the Client's attorney.

Responsible Party: [Client legal entity] ("Client"). **Operator:** Venture Vision Ubuntu (VVU). Linked to Pilot Agreement ref: [VVU-PIL-...].

1. Roles

The Client determines the purpose and means of processing and is the Responsible Party. VVU processes personal information on the Client's behalf as Operator and for no other purpose.

2. Description of Processing (complete before signing)

Item	Detail
Purpose	[e.g. issue tamper-evident receipts that an in-person session took place]
Data subjects	[e.g. Centre members; centre staff]
Personal information	[e.g. centre ID, session ID, timestamp, staff token, salted-hash member token, consent receipt]
Special personal information?	[Yes / No. If yes, state category and the legal basis relied on (POPIA ss. 26-27)]
Excluded data	[e.g. readings, results, names, ID numbers, images, biometric templates]
Retention	[period] ; deletion or return on the Client's written instruction, subject to the Client's retention duties
Processing location	[South Africa only / other, with s. 72 basis]

3. Operator Obligations

VVU shall (a) process only on the Client's documented instructions; (b) treat the information as confidential and not disclose it except as required by law (s. 20); (c) maintain appropriate, reasonable technical and organisational security measures against loss, damage and unauthorised access, including access control, encryption in transit and at rest, and a hash-chained audit trail (s. 19); (d) not engage a sub-operator without the Client's prior written consent; (e) notify the Client in writing within [48] hours of becoming aware of any reasonable ground to believe personal information has been accessed or acquired by an unauthorised person (s. 21(2)); (f) assist the Client within [5] business days with data-subject requests and regulator enquiries; (g) transfer personal information outside South Africa only as the Client instructs and POPIA s. 72 permits.

4. Return and Deletion

On termination VVU, on the Client's written instruction, returns or securely deletes the personal information, except where law requires retention. Hash-chain integrity data that contains no recoverable personal information may be retained so that the Client's evidence remains verifiable.

5. Client Obligations

The Client confirms it has a lawful basis for the processing, has given data subjects the notices POPIA requires and, for special personal information, has obtained any consent or authorisation required (ss. 26-27) before VVU begins. The Client is responsible for registering its Information Officer and for any other duty that falls on a Responsible Party.

6. Audit

The Client may, on 10 business days' notice, request information reasonably needed to confirm compliance with this Agreement.

7. Precedence

If this Agreement conflicts with the Pilot Agreement on personal information, this Agreement prevails.

PRO-FORMA INVOICE: PILOT DEPOSIT / FEE

Not a tax invoice. A tax invoice is issued on payment in line with VAT Act requirements; confirm format with your accountant.

Pro-forma no. / Date	
VVU entity, Reg. No., VAT No.	
VVU address	
To (Client entity, Reg. No., VAT No.)	
Client address	
Client reference / PO number	
Pilot Agreement ref	

Description	Amount (R)
Good-faith deposit: 5% of Projected Annual Subscription Value of R[Amount] excl. VAT per year (credited in full if an Annual Subscription is signed within 14 days after Day 30)	
Alternatively: Pilot Fee as stated in the Pilot Agreement	
Subtotal excl. VAT	
VAT at [15]%	
Total payable	

Banking details: [Bank, account name, account number, branch code, payment reference]. Payment is due before installation. Cancellation and refund terms are as set out in the Pilot Agreement.

SITE SAFETY AND IT/OT APPROVAL CHECKLIST

Complete before installation. Pilot ref: [VVU-PIL-...] Client: [entity] Site / Pilot Scope: [ID]

A. Safety

Item	Y / N / NA	Owner	Date
Site induction completed for VVU installers			
Risk assessment / job safety analysis approved			
Permit to work issued where required			
Mounting points and cable routes approved			
Any electrical work (CT clamps, meter taps) done or supervised by a qualified person			
Isolation / lock-out procedure agreed where relevant			
PPE and area access requirements confirmed			

B. IT/OT security

Item	Y / N / NA	Owner	Date
Segregated network port / VLAN allocated			
Firewall rules: outbound allow-list only; no inbound ports opened to the node			
Read-only tap or export confirmed: no write path to PLC, robot, BMS or validated system			
Time source (NTP) agreed for accurate timestamps			
Remote-access method and approvals agreed (or none)			
Client change-management ticket raised: [number]			
Client IT/OT security review passed: [reference]			
Data leaving site described and approved (event metadata only)			

C. Compliance

Item	Y / N / NA	Owner	Date
POPIA: confirmed no personal information in scope, or Operator Agreement and Variation Form signed			
Regulated sites: Quality / change control confirms non-GxP classification			
Customer or group approvals obtained where required: [list]			
Insurance certificate provided by VVU on request

COMMISSIONING AND BASELINE SIGN-OFF (DAY 0)

Pilot ref: [VVU-PIL-...] Signed on installation; defines the baseline used to measure the KPIs.

Client / site	
Pilot Line / Zone ID	
Edge node serial no.	
Commissioning date and time	
Baseline period and source	
Time source / offset verified	

Signals commissioned

Signal	Source (system / meter / sensor ID)	Calibration or reference	Baseline value

Agreed thresholds

Latency threshold (seconds / minutes)	
Energy gap tolerance	
Reconciliation tolerance	
Reconciliation source (MES / log)	

Commissioning checks

Check	Y / N	Initials	Time
Node powered and on segregated network			
Read-only confirmed: no write access to any Client system			
First receipt issued and visible in ledger			
Chain-verification dry run passed			
Client contacts and escalation numbers recorded			
Pilot Day 1 start timestamp recorded: [date/time]

VERIFIED EVIDENCE PACK (TEMPLATE)

Delivered on the final day. Pilot ref: [VVU-PIL-...] Client: [entity] Period: [start] to [end]

1. Summary

[One paragraph: what was monitored, for how long, and the KPI outcome. State only what the ledger data shows.]

2. Scope and method

Pilot Line / Zone: [ID]. Signals captured: [list]. Baseline source and period: [from Commissioning Sign-Off]. Read-only confirmation: [statement].

3. KPI results

[Table copied from the agreement: KPI, target, measured result, method, Met / Not met. Attach the supporting extracts.]

4. Chain-verification report

Ledger head and tail hashes: [values]. Number of receipts: [n]. Verification method and the steps for the Client or its auditor to re-run it independently: [procedure]. Result: [pass / fail with detail].

5. Reconciliation

[Matches and mismatches against the Client's own MES, shift or monitoring log; each difference explained.]

6. Gap and incident log

[Every data gap, outage or anomaly with date, duration and cause, and whether it was Client-side or VVU-side.]

7. Personal information statement

[None in scope / description of what was processed, under which agreement, and confirmation of deletion or return.]

8. Informational observations (not success criteria)

[Optional: trends versus baseline, reported without claiming causation.]

9. Claim classification

Claim in this pack	Tier
[Result shown by this pack's ledger data and verification report]	Verified Operational Reality, only if demonstrated end-to-end in this pilot
[Design property, e.g. independent re-verification, not yet externally audited]	Architecture
[Statement about audit, regulator or customer acceptance]	Hypothesis
[Platform, operating-system or ecosystem positioning]	Vision

10. Limits: this Pack is a monitoring and evidence record. It is not an audit opinion, an emissions or compliance declaration, or a validated-system record, and it does not replace any Client system of record.

11. Acceptance of delivery

PILOT COMPLETION AND KPI ACCEPTANCE CERTIFICATE

Pilot ref: [VVU-PIL-...] Client: [entity] Pilot period: [start] to [end] (extended by [n] days for Client-side outages, if any)

KPI (from the Pilot Agreement)	Target	Measured result	Met / Not met	VVU initials	Client initials

Outcome

KPIs met: [__] of 3. The pilot is [successful (2 of 3 or more) / not successful]. Success creates no obligation to subscribe.

Evidence Pack delivered (date)	
Client decision on Annual Subscription (due within 14 days)	
Deposit treatment (credited / retained / refunded)	
Hardware removal date	
Personal information returned or deleted (if any)	
Open issues
